BLACK EAGLE®
SAFETY 50 MID

Art. No. 620005

CE EN ISO 20345:2022+A1:2024 S7S HI CI SC SR HRO FO

Waterproof leather, waterproof and extremely breathable with GORE-TEX® Extended, leg height 14,5 cm, antistatic, ESD, sole 019

Available sizes UK 3 – 12, Extra large sizes UK 12½ – 15

620005

HAIX® Vario Wide Fit System

HAIX® Climate System

HAIX® Composite toe cap

Upper Material
Waterproof Leather, hydrophobic, breathable, 1,8 – 2,0 mm thick.

Inner Lining
GORE-TEX® Extended; waterproof and highly breathable. Abrasion-resistant lining with optimized climate comfort, especially for flexible alternating inside and outside use.

Insert
Comfortable, cushioning and moisture repellent. Separate heel shape for good cushioning and foot insertion. "AIRFLOW" channels. „Perfect-Fit" mark for an optimal verification of the correct shoe size.

HAIX® Anti Slip
Very good grip on different terrains by profile configuration and use of a special rubber.

HAIX® Protective sole
Flexible, lightweight and metal-free sole.

Sole
Modern, light weight and sporty sole construction with rubber/PU street/terrain tread, abrasion-proof, for enhanced toe-to-heel support, ideal for cold weather conditions. The lightweight PU cushioning wedge provides optimum wear comfort. Excellent thermal insulation. The non-marking outer sole is resistant to heat and fuel-oil.

HAIX® Composite toe cap
Anatomically formed and ultralight protective toe cap made of fiber-reinforced plastic for highest safety requirements.

HAIX® Climate System
The HAIX® Climate system uses the pumping movement, which permits air circulation with every step – warm air is released through the Micro-Dry lining at the top of the boot leg.

ESD
Electrostatically conductive footwear tested according to DIN EN IEC 61340-4-3:2018-10 and DIN EN 61340-5-1:2017-07.

HAIX® Vario Wide Fit System
The width of the shoe can be individually adjusted by 3 different insoles. The shoe is supplied with a red insole (medium). A yellow insole (wide) and blue insole (narrow) can be ordered separately.

Sun Reflect
Reduces the heating effect of the upper leather by direct sunlight. Sunlight is reflected by the leather, keeping the leather and the feet cooler.

Others
Low weight, antistatic, metal-free, pulling strap
